

The author must register, and a Full Account must be created in the Identity Service to update the **Email Address** field as the email address cannot be edited within **METEOR**.

To update these details, users must sign in to the **Identity Service**, where account information can be managed and modified.

Please refer to the screenshots below for further guidance.

After entering your email address, you will see the initial **Springer Nature** sign-in screen. When you select "**Login with Springer Nature**," you will be redirected to the **Identity Service** application, as shown in the second screen. From there, you can register or sign in, manage your account details if required, and then proceed to access the **METEOR** application.

This screenshot shows the 'Welcome to Meteor' login page. At the top, a blue header contains the text 'Welcome to Meteor'. Below this, a light blue box contains the text: 'This submission and reviewing platform for reference works, textbooks, conference proceedings, etc. serves our imprints Springer, Palgrave Macmillan, Apress, J. B. Metzler, Atlantis Press, and others at Springer Nature.' Below this text, it says 'Signing in as rajeswari.balachandran@springer.com' with a link 'Use a different account'. There is a 'Password' label above a text input field containing 'Enter password'. To the right of the input field is a blue 'Login' button. Below the input field is a link '(Re)set password'. To the right of the input field is a button 'Login with Springer Nature'.

This screenshot shows the same login page as the previous one, but with the email address 'rajeswari.balachandran@springer.com' redacted with a red bar. The text 'Use a different account' is still visible. The 'Password' label and input field are present, along with the 'Login' button, the '(Re)set password' link, and the 'Login with Springer Nature' button.

This screenshot shows the 'Log in, or register a new account to continue' page. It features a form with an 'Email address' label above a text input field. Below the input field is a blue button 'Continue →'. To the right of the input field is the text 'OR'. To the right of 'OR' are two buttons: a blue button 'Continue with Google →' with the Google logo, and a green button 'Continue with ORCID →' with the ORCID logo.

Updating user profile – Light and Full account in identity

If the user has **Full account** in identity service, then the first name, last name, email address can't be updated in Meteor. A link has been placed to redirect users to the identity service. Also, the first name, last name can't be changed via CWW import

If the user has **Light account** in identity service, then the email address can't be updated in Meteor. First name and Last name can be updated in Meteor. However, email address can only be updated by the users themselves in identity service. A link has been placed to redirect them to the identity platform
